

DISPATCH III

THE ULTIMATE 24/7 SIT-STAND DISPATCH SOLUTION

The 911 Console with Unparalleled Options.

The Dispatch™ III is the ultimate solution for all 24/7 command and control dispatch facilities. With years of industry research, client feedback and design expertise involved in its creation, the Dispatch™ III console doesn't just meet industry requirements but exceeds them unlike any other product in the marketplace.

The Evans Dispatch III incorporates innovative features designed to enhance any mission critical environment.

Incorporated Power & Data Receptacles: Provided in multiple locations

Integrated Personal Storage: Two large drawers allow for ample storage of personal items, ultimately decreasing worksurface clutter

THE EVANS ADVANTAGE

Over **30 years** of manufacturing experience

Equalling over **9000 successful** installations worldwide

Rich and Diverse **Fortune 500** client list

Government Agencies, Oil & Gas, Airports, Air Traffic Control, Chemical Plants, Military **and More**

An **ISO 9001** Certified Manufacturer

Evans Quality Assurance ensures that all clients consistently receive control center solutions that **precisely match** their intended application

Greenguard Certified Products

Products designed for use in mission critical environments and other indoor spaces meet strict VOC emission limits, which contribute to the **creation of healthier interiors.**

Extruded Aluminum & **Steel** frame structure

Free standing without the need of panels, robust and built to last the abuse of **24/7 intensive** use environments.

DURABLE, MODULAR AND ERGONOMIC

Designed with a rugged steel and aluminum frame - the most structurally sound in the industry - the Dispatch III is durable and flexible. Providing the operator the ultimate in convenience and comfort, with options that include Integrated Personal Storage, EnviroLinc™ and PowerLinc™ systems.

The Dispatch III incorporates optional pop-up and slatwall power and data access including USB, DVI, Power, HDMI and Cat6 all prewired for easy connectivity

Cable Management: Energy chains ensure clean cable flow from the work surface to the base enclosures

Anti-Collision System: Pressure sensitive plates stop the downward motion of the worksurface once an obstruction is detected

PC Storage: Store numerous PC's with easy front and rear access. Conveniently stored on a rolling tray for easy maintenance.

Cable Management: Steel cable trays distribute cables throughout the console, keeping them out of sight, safe and easily accesible

GREENGUARD, the most familiar product certification and a globally recognized leader in indoor air quality, has been certifying products since 2001. GREENGUARD is an independent third party certification program that certifies products for low non-toxic emissions. Our furniture is manufactured using recycled and low VOC emitting materials that help our customers meet and exceed environmental standards in their projects. Evans products can offer points towards LEED Certification of your facility.
